Currently re-creating and crafting a scalable and robust application to help users make bulk orders at a blazing fast speed and best user experience.

Key Responsibilities:

1. Developing and overseeing growth strategies of the Fazsion B2B Sales Force.
2. Developing new business leads through digital marketing and telemarketing.
3. Proper management of products on the b2b ecommerce platform
4. Merchandising sales or increasing Fazsion brand presence.

Founder

Encode.

Nov 2019 - Nov 2020 (1 year 1 month)

Survival in today's digital world is very crucial and we at Encode are equipping kids and teens from the ages of 5 to 19 years old with technical skills which can be applied in their adolescent years at the work place.

Frontend Web Developer

TheYutes

Jun 2019 - Nov 2020 (1 year 6 months)

Help build , develop, test, and debug responsive designs that would stand out not just only by the interface, but by the psychology, experience and professional coding indentation.

As the Front-end Developer working closely with the UI/UX team to translate design mock-ups into elegant, fast, responsive websites and web applications.

Principal duties and responsibilities are as follows - but not limited to:

1. Develop new user-facing features
2. Build reusable code and libraries for future use
3. Ensure the technical feasibility of UI/UX designs

4. Optimize application for maximum speed and scalability
5. Assure that all user input is validated before submitting to back-end
6. Collaborate with other team members and stakeholders
7. Maintain technical knowledge of web front-end industry standards, best practices and trends and evangelising these within the company.

Frontend Developer

Bafsta Nigeria

Aug 2020 - Sep 2020 (2 months)
